If you are eligible to vote at the Meeting, it is important that you are connected to the internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure connectivity for the duration of the Meeting.

Voting at the Meeting

A registered shareholder of Shares (a “**Registered Shareholder**”), or a Non-Registered Shareholder who has appointed themselves or a third party proxyholder to represent them at the Meeting, will appear on a list of shareholders prepared by Computershare, the transfer agent and registrar for the Meeting. To have their Shares voted at the Meeting, each Registered Shareholder or proxyholder will be required to enter their control number provided by Computershare at <https://meetings.lumiconnect.com/400-254-940-067> prior to the start of the Meeting. In order to vote, Non-Registered Shareholders who appoint themselves as a proxyholder **MUST** register with Computershare at <http://www.computershare.com/Graphene> **after** submitting their voting instruction form in order to receive a control number (please see the information under the headings “*Appointment of Proxies*” below for details).

If a Shareholder who has submitted a proxy attends the Meeting via the webcast and has accepted the terms and conditions when entering the Meeting online, any votes cast by such Shareholder on a ballot will be counted and the submitted proxy will be disregarded.

Appointment of Proxies

Shareholders who wish to appoint a third party proxyholder to represent them at the online Meeting **must submit their proxy or voting instruction form (if applicable) prior to registering your proxyholder. Registering your proxyholder is an additional step once you have submitted your proxy or voting instruction form. Failure to register the proxyholder will result in the proxyholder not receiving a control number to participate in the Meeting.** To register a proxyholder, Shareholders **MUST** visit <http://www.computershare.com/Graphene> no later than 2:00 p.m. (Canadian Pacific Standard Time) on Thursday, November 21, 2024, or no later than 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the date on which the Meeting or any adjournment(s) thereof is held, unless the chairman of the Meeting elects to exercise his or her discretion to accept proxies received subsequently. Shareholders must also provide Computershare with their proxyholder’s contact information, so that Computershare may provide the proxyholder with a control number via email.

A proxy can be submitted to Computershare either in person, or by mail or courier, to 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or via the internet at www.investorvote.com. The proxy must be deposited with Computershare by no later than 2:00 p.m. (Canadian Pacific Standard Time) on Thursday, November 21, 2024, or no later than 48 hours (excluding Saturdays, Sundays and statutory holidays) prior to the date on which the Meeting or any adjournment(s) thereof is held, unless the chairman of the Meeting elects to exercise his or her discretion to accept proxies received subsequently. If a Shareholder who has submitted a proxy attends the Meeting via the webcast and has accepted the terms and conditions when entering the Meeting online, any votes cast by such Shareholder on a ballot will be counted and the submitted proxy will be disregarded.

Without a 15-digit control number, proxyholders will not be able to vote at the Meeting.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a Shareholder's behalf in accordance with the instructions given by the Shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "**Management Proxyholders**") or legal counsel to the Company.

A Shareholder has the right to appoint a person other than a Management Proxyholder to represent the Shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a Shareholder.

VOTING BY PROXY

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares of the Company represented by a properly executed proxy will be voted or withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the Shareholder on any ballot that may be called for and if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly.

If a Shareholder does not specify a choice and the Shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournment(s) thereof, unless the chairman of the Meeting elects to exercise his or her discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Registered Shareholders are holders of Shares whose names appear on the Share register of the Company and are not held in the name of a brokerage firm, bank or trust company through which they purchased Shares. Whether

or not you are able to attend the Meeting, Shareholders are requested to vote their proxy in accordance with the instructions on the proxy. Most Shareholders are "non-registered" Shareholders ("**Non-Registered Shareholders**") because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares. The Company's Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Shareholder deals with in respect of their Shares of the Company (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited or The Depository Trust & Clearing Corporation) of which the Intermediary is a participant.

There are two kinds of beneficial owners: those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for Objecting Beneficial Owners), and those who do not object (called "**NOBOs**" for Non-Objecting Beneficial Owners).

The Company is not sending the Meeting materials directly to NOBOs in connection with the Meeting but rather has distributed copies of the Meeting materials to the Intermediaries for distribution to NOBOs. With respect to OBOs, in accordance with applicable securities law requirements, the Company has distributed copies of the Meeting materials to the clearing agencies and Intermediaries for distribution to OBOs. The Company does not intend to pay for Intermediaries to deliver the Meeting materials and Form 54-101F7 - *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting materials unless their Intermediaries assumes the cost of delivery.

Intermediaries are required to forward the Meeting materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a "**voting instruction form**") which the Intermediary must follow; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1.**

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Shares which they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert their own name or such other person's name in the blank space provided. **Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of

the right to receive Meeting materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

NOTICE-AND-ACCESS

The Company is not sending the Meeting materials to Shareholders using "notice-and-access", as defined under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a Shareholder, his or her attorney authorized in writing or, if the Shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company at any time up to and including the last business day preceding the date of the Meeting, or any adjournment(s) thereof, or with the chairman of the Meeting on the day of the Meeting, or any adjournments thereof.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as set out in this Circular, no person who has been a Director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management of the Company for election as a Director and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership or otherwise, in matters to be acted upon at the Meeting, except that the Directors and executive officers of the Company may have an interest in the resolution regarding the approval of the Company's stock option plan, as such persons are eligible to participate in such plans.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation of Named Executive Officers

Securities legislation requires the disclosure of the compensation received by each Named Executive Officer of the Company. "Named Executive Officer" is defined by securities legislation to mean: (i) each individual who, during any part of the most recently completed financial year, served as CEO, including an individual performing functions similar to a CEO; (ii) each individual who, during any part of the most recently completed financial year, served as CFO, including an individual performing functions similar to a CFO; (iii) the most highly compensated executive

officer, other than the CEO or CFO, at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and (iv) each individual who would be a “Named Executive Officer” under paragraph (iii) but for the fact that the individual was neither an executive officer of the Company or its subsidiaries, nor acting in similar capacity, at the end of the most recently completed financial year. For the Company’s two most recently completed financial years, the Company has or has had the following Named Executive Officers (collectively, the “**Named Executive Officers**” or “**NEOs**”):

- (a) Craig Nicol, Founder, Managing Director and CEO;
- (b) Joshua George, Chief Financial & Commercial Officer;
- (c) Brandon Leong, former CFO;

- (e) Frederick Kotzee, former Executive Director and former CFO; and

Compensation Discussion and Analysis

The Remuneration Committee, a committee of the Board, is responsible for establishing management and director compensation. The Board, and the Remuneration Committee thereof, do not have a pre-determined, performance-based compensation plan, but rather review the performance of management on an annual basis, or more frequently if deemed necessary by the Remuneration Committee. The Remuneration Committee is comprised of Robert Lee Galyen and Andrew Small, both of whom are independent of management of the Company.

The Remuneration Committee, among other things, evaluates the performance of directors and Named Executive Officers, reviews and recommends to the Board the compensation paid to directors and Named Executive Officers and oversees and evaluates the Company’s general compensation structure and policies. The Remuneration Committee also reviews and administers the Option Plan and Incentive Plan (each as defined below).

Cash compensation may be provided to directors and Named Executive Officers in the form of annual salaries and, where appropriate, year-end cash or equity bonuses. Cash compensation levels for directors and Named Executive Officers are based on the respective directors’ and Named Executive Officer’s qualifications, experience and responsibilities within the Company, and are intended to be competitive with salaries paid to others in comparable positions within the same industry. For annual salary increases, the Board will consider a director’s or Named Executive Officer’s increased level of experience, whether or not the director’s or Named Executive Officer’s responsibilities have increased over the past year and current compensation levels and practices within relevant industries. The Remuneration Committee reviews key performance indicators such as share price, finance and business progression. The cash element of compensation is designed to ensure the Company’s access to skilled personnel necessary to achieve its corporate objectives, within the cash constraints of the Company and other remuneration levers available. The Board also considers, on an annual basis, discretionary cash or equity bonuses to reward extraordinary performance during the preceding fiscal year. In determining whether a bonus will be given, the Board considers such factors as the executive’s performance over the past year, the Company’s achievements in the past year, the executive’s role in effecting such achievements and the financial capacity of the Company.

Incentive stock options and units may be granted to the Company’s directors and Named Executive Officers based on the value such directors and Named Executive Officers create for the Company’s shareholders. From time to time, the Company may choose to pay compensation in the form of incentive stock options or stock units in order to align the directors’ and Named Executive Officers’ compensation with their contribution to the success of the Company in creating shareholder value, to provide a retentive effect on the directors and Named Executive Officers, and to provide compensation that is in line with the Company’s fiscal resources.

Option and Share-based awards

The Company's 10% rolling stock option plan (the "**Option Plan**") and its 10% fixed restricted share unit and performance unit plan (the "**Share Incentive Plan**" and together with the Option Plan, the "**Incentive Plans**") are designed to advance the interests of the Company by encouraging eligible participants, being Directors, employees, management company employees, officers and consultants, to have equity participation in the Company through acquisition of Shares.

The Incentive Plans have been, and will be used, by the board of directors of the Company (the "**Board**") to provide Share purchase stock options ("**Options**"), restricted share units ("**RSUs**") and performance share units ("**PSUs**") (collectively, "**Awards**") which are awarded based on the recommendations of the Remuneration Committee of the Board, taking into account the level of responsibility of the executive officer, as well as his or her impact on or contribution to, and/or his or her ability in the future to have an impact on or to contribute to, the longer-term operating performance of the Company. Management presents its recommendations to the Remuneration Committee with respect to Awards. These Awards are granted, at the discretion of the Board, to existing Directors, officers, employees, and consultants based on award levels in the past and Company performance, in compliance with applicable securities law, stock exchange, and other regulatory requirements. Awards may also be granted, at the discretion of the Board, throughout the year, to attract new Directors, officers, employees or consultants. In determining the number of Awards to be granted to the Directors, officers, employees, or consultants, the Board takes into account the number of Awards, if any, previously granted to each of the Directors, officers, employees, or consultants, as well as the level of effort, time, responsibility, ability, experience, and level of commitment of the Director, officer, employee, or consultant, in determining the level of incentive stock option compensation. The Remuneration Committee also takes into account the exercise price of any outstanding stock options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange (the "**TSXV**") and to closely align the interests of the executive officers with the interests of Shareholders. The Remuneration Committee recommends to the Board the vesting provisions of all Awards and will amend the Incentive Plans as recommended by management, subject to any required approval of the TSXV or Shareholders of the Company.

Stock Option Plans and Other Incentive Plans

Stock Option Plan

The Company has in place the Option Plan dated October 21, 2022 which contains the provisions set out below. The Option Plan was effective immediately upon the approval of the Board on November 2, 2018, when the Company was a non-reporting issuer. The Company became listed on the TSXV effective April 15, 2021, and, in connection therewith, the Option Plan was amended by the Board on March 31, 2021 to comply with the policies of the TSXV. Subsequently, the Board further amended the Option Plan to comply with amendments to Policy 4.4 implemented by the TSXV on November 24, 2021. The Option Plan was most recently approved by the shareholders of the Company at its shareholder meeting held on November 28, 2023.

The purpose of the Option Plan is to offer to the Company's directors, officers, employees and consultants (and those of its affiliates) the opportunity to acquire a proprietary interest in the Company, thereby providing an incentive to such persons to promote the best interests of the Company, and to provide the Company with the ability to attract qualified persons as directors, officers and employees.

A summary of the material terms of the Option Plan are set out below. This summary is qualified in its entirety by the full text of the Option Plan which is available for review on the Company's SEDAR+ profile at www.sedarplus.ca.

Eligibility

Any officer, director, employee, management company employee, consultant or investor relations person of the Company or its wholly-owned subsidiaries (each as described in the Option Plan and each, an "**Eligible Person**") is eligible to receive options under the Option Plan. The Board has full and final authority to determine the Eligible Persons who are granted options under the Option Plan and the number of Shares subject to each option.

Shares Subject to Option Plan

The maximum number of Shares which are available for issuance under the Option Plan, together with any other security-based compensation plan of the Company, will not exceed 10% in the aggregate of the total number of Shares issued and outstanding from time to time. The Option Plan is an "evergreen plan" and accordingly, any issuance of Shares, including the issuances of Shares in respect of which options are exercised, and any expired or cancelled options, shall automatically replenish the number of Shares issuable under the Option Plan.

The maximum number of Shares which may be issued or reserved for issuance to any one Person (as described in the Option Plan), and companies wholly-owned by that Person, under the Option Plan within any 12-month period shall not exceed 5% of the issued and outstanding Shares, calculated on the date an option is granted to such Person, unless disinterested shareholder approval is obtained to exceed this limit.

Limits with Respect to Consultants and Investor Relations Person

The maximum number of options which may be granted to any one consultant under the Option Plan, together with any other of the Company's previously established and outstanding security-based compensation plans or grants, within any 12-month period, must not exceed 2% of the issued and outstanding Shares, calculated at the date an option is granted to such consultant (on a non-diluted basis).

The maximum number of options which may be granted to all investor relations persons under the Option Plan, together with any other of the Company's previously established and outstanding security-based compensation plans or grants, within any 12-month period, must not exceed 2% of the issued and outstanding Shares, calculated on the date an option is granted to any such investor relations person (on a non-diluted basis).

Exercise of Options

The exercise price of options issued may not be less than the “discounted market price” (calculated in accordance with the policies of the TSXV) of the Shares at the time the option is granted. In addition, the exercise price will not be lower than as permitted by applicable TSXV policies.

Subject to the provisions of the Option Plan and the particular option, an option may be exercised, in whole or in part, at any time prior to the expiry date of such option. In the event that the expiry date of an option falls during a trading blackout period imposed by the Company, the expiry date of such option shall be automatically extended to a date which is ten trading days following the end of such blackout period, subject to the provisions of the Option Plan. An optionholder may exercise an option by delivering a written notice of exercise to the Company along with payment in cash, bank transfer or certified cheque for the full amount of the exercise price of the Shares then being purchased.

Term and Expiry Date

The period within which options may be exercised and the number of options which may be exercised in any such period are determined by the Board at the time of granting the options, provided, however, that the maximum term of any options awarded under the Option Plan is ten (10) years.

Vesting

All options granted pursuant to the Option Plan may vest and become exercisable at the discretion of the Board provided that if required by any stock exchange on which the Shares trade any options granted to investor relations persons must vest in stages over not less than 12 months with no more than one-quarter of the aggregated number of options vesting in any single three-month period.

Termination of Options

An optionee who ceases to be an Eligible Person for any reason, other than as a result of having been dismissed for cause or as a result of the optionee’s death, may exercise any vested and unexpired options held by such optionee for a period of 90 days from the date of cessation (or until the normal expiry date of the Option rights of such optionee, if earlier), subject to extension by the Board to a maximum of one year with approval from the TSXV.

In the event of a death of the optionee during the currency of the optionee’s option, any vested option theretofore granted to the optionee is exercisable by the optionee’s lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such optionee and the expiry date of the option.

Where the Company expects that an Exit Event (as defined below) will occur, the Board may exercise its discretion to:

- (a) waive any vesting condition and/or deem any vesting condition to be satisfied; and/or
- (b) procure the purchase or cancellation of any or all options which have not been exercised (subject to the Exit Event occurring) for: (A) an amount agreed with the optionee; or (B) an amount determined by the Board to be equivalent to the consideration that the optionee would have received (less any amounts payable) on completion of the Exit Event; and/or
- (c) cancel any or all options and arrange for options to acquire shares in the bidder to be granted or issued on substantially the same terms as such options, with any appropriate adjustments decided by the Board; and/or
- (d) do nothing, and allow the options to continue in accordance with their terms.

An "**Exit Event**" means the first to occur of:

- (a) the date on which shares are either or both allotted or transferred under a prospectus (or other relevant offer document) lodged with the Australian Securities and Investments Commission (or an equivalent relevant regulatory body in another jurisdiction) in relation to an initial public offering;
- (b) the date on which an agreement for the sale to a third party purchaser of all of the issued and outstanding Shares is completed; and
- (c) the date on which, following a Trade Sale (as defined in the Option Plan) and following the passing of a resolution of Shareholders to approve the distribution and payment to Shareholders of the proceeds of sale that are available for distribution or payment to Shareholders, whether in a winding up, by return of capital, share buy-back or otherwise, those proceeds are paid to Shareholders, or such earlier date that the Company gives notice to the optionees for the purposes of the Option Plan that it deems an Exit Event to have occurred.

Non-Assignability and Non-Transferability

Options granted under the Option Plan will be non-assignable and non-transferable by an optionee other than pursuant to a will or by the laws of descent and distribution, and such option shall be exercisable, during an optionee's lifetime, only by the optionee.

Adjustments in Shares Subject to Option Plan

The Option Plan contains provisions for the treatment of options in the event of a reorganization, stock split, stock dividend, combination of shares, merger, consolidation, rights offering or any other change in the corporate structure or Shares of the Company. The options granted under the Option Plan may contain such provisions as the Board may determine with respect to adjustments to be made in the number and kind of Shares covered by such options and in the exercise price in the event of such change, provided that any adjustment, other than in connection with a security consolidation or security split, to Options granted under the Option Plan must be subject to the prior acceptance of the TSXV, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

Tax Concessions

In the case of the Start-Up Plan, the issuance of options and Shares to a Participant under the Start-Up Plan are eligible for the "start-up" tax concession in Section 83A-33 of the Income Tax Assessment Act 1936 (Cth) or the Income Tax Assessment Act 1997 (Cth) or both (together, the "**Tax Act**"). If that concession is not available, it is intended that the issue of options and Shares to a Participant under the Start-Up Plan is a scheme to which Subdivision 83A-C of the Tax Act applies.

The foregoing summary of the Option Plan is not complete and is qualified in its entirety by reference to the Option Plan which is available for review on the Company's SEDAR+ profile at www.sedarplus.ca.

Share Incentive Plan

The Company has in place the Incentive Plan, last approved by shareholders of the Company on November 27, 2022, which contains the provisions set out below. The Incentive Plan provides for the grant of RSUs and PSUs (collectively, "**Share Units**").

The purpose of the Incentive Plan is to offer to the Company's directors, officers, employees and consultants (and those of its affiliates) the opportunity to acquire a proprietary interest in the Company, thereby providing an incentive to such persons to promote the best interests of the Company, and to provide the Company with the ability to attract qualified persons as directors, officers and employees.

The following is a summary of the key provisions of the Incentive Plan. The following summary is qualified in its entirety by the full text of the Incentive Plan, a copy of which is available for review on the Company's SEDAR+ profile at www.sedarplus.ca. All terms used but not defined in this section have the meaning ascribed thereto in the Incentive Plan.

Purpose

The purpose of the Incentive Plan is:

- (a) to increase the interest in the Company's welfare of those employees, officers, directors and consultants and Management Company Employees (who are considered "Eligible Participants" under the Incentive Plan) who share responsibility for the management, growth and protection of the business of the Company or a subsidiary of the Company;
- (b) to provide an incentive to such Eligible Participants to continue their services for the Company or a subsidiary of the Company and to encourage such Eligible Participants whose skills, performance and loyalty to the objectives and interests of the Company or a subsidiary of the Company are necessary or essential to its success, image, reputation or activities;
- (c) to reward Eligible Participants for their performance of services while working for the Company or a subsidiary of the Company;
- (d) to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of Shares by key employees, consultants and directors of the Company, it being generally recognized that restricted share plans aid in attracting, retaining and encouraging employees, consultants, management company employees and directors due to the opportunity offered to them to acquire a proprietary interest in the Company; and
- (e) to provide a means through which the Company or a subsidiary of the Company may attract and retain able persons to enter its employment or service.

Plan Administration

The Incentive Plan shall be administered and interpreted by the Board or, if the Board by resolution so decides, by a committee appointed by the Board. Subject to the terms of the Incentive Plan, applicable law and the rules of the TSXV, the Board (or its delegate) has the power and authority to: (i) designate the Eligible Participants who will receive Awards (an Eligible Participant who receives an Award, a "Participant"), (ii) designate the types and amount of Awards to be granted to each Participant, (iii) determine the terms and conditions of any Award, including any vesting conditions or conditions based on performance of the Company or of an individual ("**Performance Criteria**"); (iv) interpret and administer the Incentive Plan and any instrument or agreement relating to it, or any Award made under it; and (v) make such amendments to the Incentive Plan and Awards as are permitted by the Incentive Plan and the policies of the TSXV.

Shares Available for Awards

Subject to adjustment as provided for under the Incentive Plan, and as may be approved by the TSXV and the shareholders of the Company from time to time, the maximum number of Shares capable of being issued, in the aggregate, pursuant to the settlement of Share Units granted under the Incentive Plan shall not exceed 7,959,458 Shares.

Participation Limits

The Incentive Plan provides the following limitations on grants:

- (a) In no event shall the Incentive Plan, together with all other previously established and outstanding security based compensation arrangements of the Company (the “**Security Based Compensation**”), permit at any time (unless the Company has obtained the requisite disinterested shareholder approval):
 - (i) the grant to Insiders (as a group) of an aggregate number of Awards exceeding 10% of the issued and outstanding Shares at any point in time; or
 - (ii) the grant to Insiders (as a group), within any 12 month period, exceeding 10% of the issued and outstanding Shares, calculated at the date an Award is granted to any Insider.
- (b) The aggregate number of Awards granted to any one person (and companies wholly-owned by that person), together with all other previously established and outstanding Security Based Compensation, in any 12 month period shall not exceed 5% of the issued and outstanding Shares on a non-diluted basis, calculated on the date an Award is granted to the person, unless the Company has obtained the requisite disinterested shareholder approval.
- (c) The aggregate number of Awards, together with all other previously established and outstanding Security Based Compensation, granted to any one Consultant in any 12 month period shall not exceed 2% of the issued and outstanding Shares on a non-diluted basis, calculated at the date an Award is granted to the Consultant.
- (d) Without the prior approval of the TSXV, no Shares may be issuable under the Incentive Plan to any persons retained to provide Investor Relations Activities to the Company.

Eligible Participants

In respect of a grant of Share Units, an Eligible Participant is any director, executive officer, employee or Consultant of the Company or any of its subsidiaries other than persons retained to provide Investor Relations Activities.

Description of Awards - Share Units

A Share Unit is an Award that is a bonus for services rendered in the year of grant or to attract talent via sign-on agreements, that, upon settlement, entitles the recipient Participant to receive a cash payment equal to the Market Value of a Share or, at the sole discretion of the Board (as indicated in the applicable Participant’s Share Unit Agreement), a Share. The right of a holder to have their Share Units redeemed is subject to such restrictions and conditions on vesting as the Board may determine at the time of grant. Restrictions and conditions on vesting conditions may, without limitation, be based on the passage of time during continued employment or other service relationship (commonly referred to as an RSU), the achievement of specified Performance Criteria (commonly referred to as a PSU) or both. The grant of a Share Unit by the Board shall be evidenced by a Share Unit Agreement in such form not inconsistent with the Incentive Plan.

The Board shall have sole discretion to determine if any vesting conditions with respect to a Share Unit, including any Performance Criteria, or other vesting conditions with respect to a Share Unit, as contained in the Share Unit Agreement, have been met and shall communicate to a Participant as soon as reasonably practicable the date on which all such applicable vesting conditions or Performance Criteria have been satisfied and the Share Units have vested, provided that Share Units must be subject to a minimum 12 month vesting period following the date the Share Unit is granted or issued, subject to acceleration of vesting in certain cases in accordance with the terms of the Plan and TSXV Policy 4.4. Subject to the vesting and other conditions and provisions in the Incentive Plan and in the applicable Share Unit Agreement, each Share Unit awarded to a Participant shall entitle the Participant to receive, on settlement, a cash payment equal to the Market Value of a Share, or, at the discretion of the Board, one Share or any combination of cash and Shares as the Board in its sole discretion may determine, in each case less any applicable withholding taxes. The Company (or the applicable subsidiary) may, in its sole discretion, elect to settle all or any portion of the cash payment obligation by the delivery of Shares capable of issuance or acquired by a Designated Broker in the open market on behalf of the Participant. Subject to the terms and conditions in the

Incentive Plan, and in accordance with the terms of each Participant's Share Unit Agreement, vested Share Units shall be redeemed in consideration for a cash payment as follows:

- (a) if the Share Unit Agreement permits, at the sole discretion of the Participant for those vested Share Units on the date of delivery by the Participant to the Company of the notice of exercise of Share Units;
- (b) unless otherwise stated in the Share Unit Agreement, automatically on the date that is the 15th day following the applicable Vesting Date for such vested Share Units; or
- (c) automatically on the share unit outside expiry date, being no later than December 15th of the fifth calendar year following the end of the calendar year in which such Share Unit is issued.

Notwithstanding the foregoing, if the date on which any Share Units would otherwise vest falls within a Blackout Period, the vesting date of such Share Units will be deemed to be the date that is the earlier of 10 Business Days after the Blackout Period expiry date and the Share Unit expiry date.

Effect of Termination on Awards

Except as otherwise provided in any Employment Agreement or Consulting Agreement or in any Award Agreement, Awards are subject to the following conditions:

- (a) Resignation or summary dismissal: Upon a Participant ceasing to be an Eligible Participant for summary dismissal (as defined in the employment agreements or other contractual agreements between the Participant and the Company) or as a result of his or her resignation from the Company or a subsidiary, the Participant's participation in the Incentive Plan shall be terminated immediately, and all Share Units credited to such Participant's account that have not vested shall be forfeited and cancelled, and the Participant's rights that relate to such Participant's unvested Share Units shall be forfeited and cancelled on the termination date, unless otherwise extended by the Board but in no case shall such extension be greater than a period of 12 months following the applicable termination date.
- (b) Death, leave of absence or termination of services: Except as otherwise determined by the Board from time to time, at its sole discretion, upon a Participant electing a voluntary leave of absence of more than 12 months, including maternity and paternity leaves, or upon a Participant ceasing to be an Eligible Participant as a result of (a) death, (b) retirement, (c) termination of services for reasons other than for summary dismissal, (d) his or her employment or service relationship with the Company, or a subsidiary of the Company, being terminated by reason of injury or disability or (e) becoming eligible to receive long-term disability benefits, all unvested Share Units in the Participant's account as of such date relating to a restricted period in progress shall be forfeited and cancelled.
- (c) Termination in Connection with a Change of Control: If the Company completes a transaction constituting a Change of Control and within 12 months following the Change of Control, a Participant who was also an officer or employee of, or a consultant to, the Company prior to the Change of Control ceases to be an Eligible Participant, all unvested Share Units shall become vested, and the date of such Participant's termination date shall be deemed to be the vesting date, provided that such acceleration shall not result in the vesting date of such Share Units occurring prior to the date that is one year from the date of grant of such Share Units unless the Change of Control occurs concurrently with the Participant ceasing to be an Eligible Participant.

Change of Control

In the event of a potential Change of Control, the Board may also exercise its discretion to determine the manner in which any or all of Awards (whether vested or unvested) and any Shares issued upon exercise (the "**Resulting Shares**") (as applicable) will be dealt with, and may, among other things, accelerate the vesting of, or waive the Performance Criteria or other vesting conditions applicable to, outstanding Share Units, the date of such action shall

be the vesting date of such Share Units, provided that such acceleration or waiver shall not result in the Vesting Date of such Share Units occurring prior to the date that is one year from the date of grant of such Share Units.

Assignment

Except as set forth in the Incentive Plan, each Award granted under the Incentive Plan is personal to the Participant and shall not be assignable or transferable by the Participant, whether voluntarily or by operation of law, except by will or by the laws of descent and distribution.

Amendment or Discontinuance

The Board may at any time or from time to time, in its sole and absolute discretion, amend, suspend, terminate or discontinue the Incentive Plan and may amend the terms and conditions of any Awards granted thereunder, subject to (a) any required approval of any applicable regulatory authority or exchange, and (b) any required approval of shareholders of the Company in accordance with Policy 4.4 or applicable law. Without limitation, shareholder approval shall not be required for the following amendments:

- (a) amendments to fix typographical errors;
- (b) amendments to clarify existing provisions of the Plan that do not have the effect of altering the scope, nature and intent of such provisions; and
- (c) amendments that are necessary to comply with applicable law or the requirements of an exchange.

If the Incentive Plan is terminated, Awards granted or issued prior to the date of termination shall remain outstanding and in effect in accordance with their applicable terms and conditions.

Oversight and Description of Director and Named Executive Officer Compensation

The responsibilities relating to executive and director compensation, including reviewing and recommending compensation of the Company's officers and employees and overseeing the Company's base compensation structure and equity-based compensation program is performed by the Board as a whole, based upon the recommendations of the Remuneration Committee. The Board also assumes responsibility for reviewing and monitoring the long-range compensation strategy for the Company's senior management. The Board generally reviews the compensation of senior management on an annual basis taking into account compensation paid by other issuers of similar size and activity and the performance of officers generally and in light of the Company's goals and objectives.

The compensation for senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including: (a) attracting and retaining talented, qualified and effective executives; (b) motivating the short and long-term performance of executives; and (c) better aligning the interests of executive officers with those of the Company's shareholders. In the Board's view, paying salaries which are competitive in the markets in which the Company operates and in Australia where senior management is based, is a first step to attracting and retaining talented, qualified and effective executives. Competitive salary information on comparable companies is compiled from a variety of sources, including national and international publications.

The Board determines the compensation for the CEO and the CFO. The compensation of the Company's executives is determined by the Board after the recommendation of the Remuneration Committee. In each case, the Board takes into consideration the prior experience of the executive, industry standards, competitive salary information on comparable companies of similar size and stage of development, the degree of responsibility and participation of the executive in the day-to-day affairs of the Company, and the Company's available cash resources.

In the Board's view, to attract and retain qualified and effective executives, the Company must pay base salaries which are reasonable in relation to the level of service expected while remaining competitive in the markets in which the Company operates in Australia where senior management is based.

The Board has assessed the Company's compensation plans and programs for its executive officers to ensure alignment with the Company's business plan and to evaluate the potential risks associated with those plans and programs. The Board has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Company. The Board considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans and programs.

The Company has not adopted a policy restricting its executive officers or directors from purchasing financial instruments that are designated to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by its executive officers or directors. To the knowledge of the Company, none of the executive officers or directors has purchased such financial instruments.

Director Compensation

The executive directors and certain non-executive directors received cash compensation for acting in their capacity as directors of the Company during the most recently completed financial year. See "*Director and Named Executive Officer Compensation*", above.

Certain directors were also granted stock options and RSUs as compensation by the Company during the most recently completed financial year for their services in their capacity as directors. See "*Stock Options and Other Compensation Securities*", above.

Share-Based Awards

The Company has the Incentive Plans in place, which were established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. Management proposes Award grants to the Board based on such criteria as performance, previous grants, and hiring incentives. The Board administers the Incentive Plans and all Award grants require Board approval. The Incentive Plans allow Awards to be issued to directors, officers, employees or consultants of the Company.

In compensating its senior management, the Company employs a combination of salary and equity participation. The Board is of the view that encouraging its executives and employees to hold shares of the Company is the best way to align their interests with those of the Company's shareholders. Equity participation is accomplished through the Incentive Plans. See "*Statement of Executive Compensation - Stock Options and Other Compensation Securities*" and "*Statement of Executive Compensation – Stock Option Plans and Other Incentive Plans*", above.

Awards are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and competitive factors. The amounts and terms of Awards granted are determined by the Board based on recommendations put forward by the CEO. Due to the Company's limited financial resources, Awards are an important part of executive compensation to assist in maintaining executive motivation.

Given the evolving nature of the Company's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

Pension Plan Benefits

The Company makes superannuation contributions for the benefit of Australian resident employees as required by legislation to complying superannuation funds nominated by the employee, which was 11% of salary for the financial year ended 30 June, 2024.
